Jeffrey Jobe
Transportation

Additional Members of Our Team

Wade Hamilton
Fenstermaker

Mason Macaluso
Fenstermaker

Carly Phillips
Fenstermaker

Marshall Hill
Infrastructure Consulting
& Engineering

Kevin Crosby
Lazenby & Associates

Welcome to the Visioning Workshop

Tonight, we want to hear from you.

As you visit the stations, think about:

- What do you value most about Richland Parish today?
- What should improve over the next 20 years?
- What should future growth look and feel like?

Project Overview

The Richland Parish Police Jury is preparing two connected tools for **unincorporated*** Richland Parish.

COMPREHENSIVE MASTER PLAN

A long-range guide for how the Parish should grow, invest, and protect what residents value.

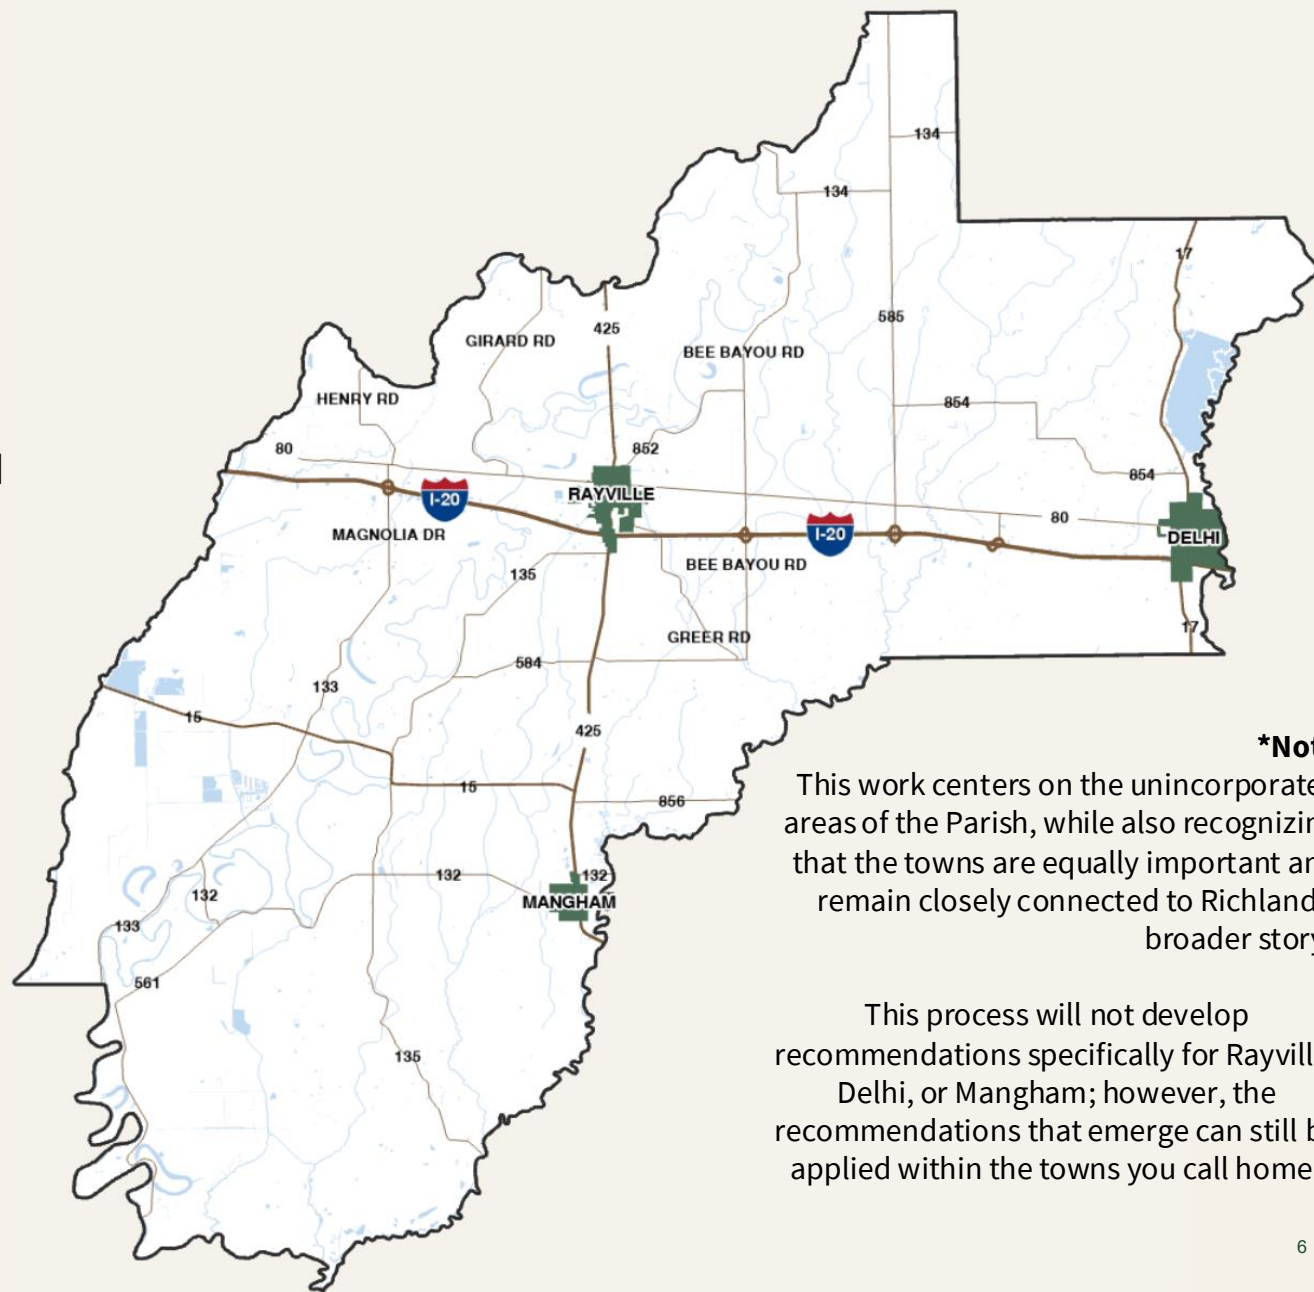

UNIFIED DEVELOPMENT CODE

The rules used to carry out that vision through zoning, land use regulations, and site design standards.

PROJECT TIMELINE

May 2026 – June 2027

Tonight's input will help shape the vision and future recommendations.

*Note

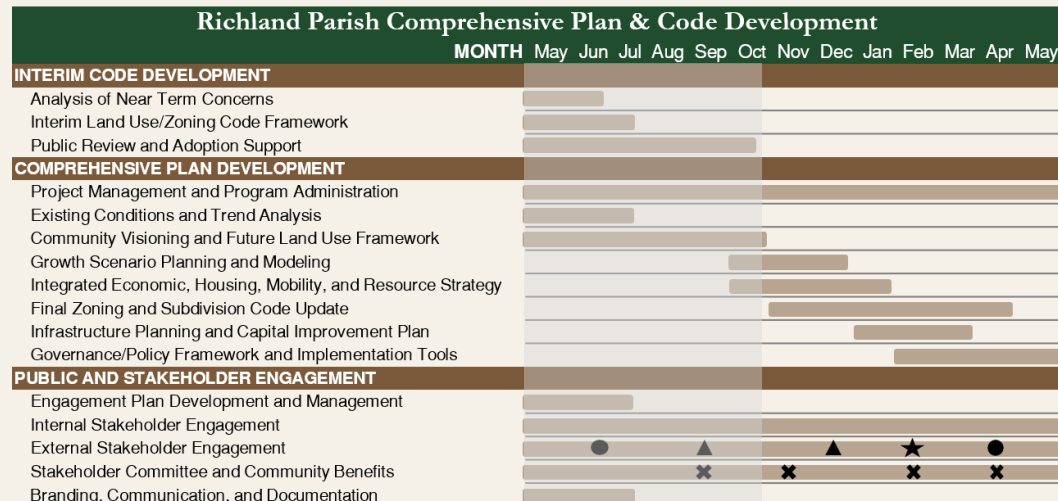

This work centers on the unincorporated areas of the Parish, while also recognizing that the towns are equally important and remain closely connected to Richland's broader story.

This process will not develop recommendations specifically for Rayville, Delhi, or Mangham; however, the recommendations that emerge can still be applied within the towns you call home!

Where We Are in the Process

COMPLETED

1. Project kickoff with the Parish
2. Initial stakeholder conversations
3. Community pop-up outreach
4. Background research and analysis
5. Draft interim development code

*Tentative schedule, dates can change

What Comes Next

TONIGHT

- Gather community ideas, concerns, and priorities

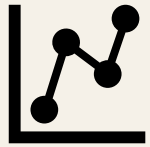

NEXT

- Review input and develop the community vision
- Prepare recommendations for land use, housing, transportation, the economy, and quality of life

FINAL STEPS

- Share draft recommendations for public review
- Refine and adopt the Master Plan and final development code

Why Your Voice Matters

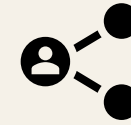

SHARE LOCAL KNOWLEDGE

Tell us what is working, what is changing, and what challenges you experience.

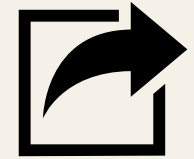

DEFINE THE VISION

Help describe the future you want for Richland Parish over the next 20 years.

SET PRIORITIES

Identify the issues, places, and investments that deserve the most attention.

STAY INVOLVED

Follow the project, take the survey, and return to review future recommendations.

How the Community Will Shape the Plan

September 2026

Listen

Initial conversations and outreach

October 2026

Envision

Public visioning workshop and survey

Late 2026

Develop

Community vision and draft recommendations

Early 2027

Review

Public review of the draft plan

By June 2027

Adopt & Implement

Final Master Plan and development code

How the Workshop Works

VISIT THE SIX STATIONS

- Station 1: About this Project
- Station 2: Demographics
- Station 3: Land Use
- Station 4: Housing
- Station 5: Transportation
- Station 6: Community Assets

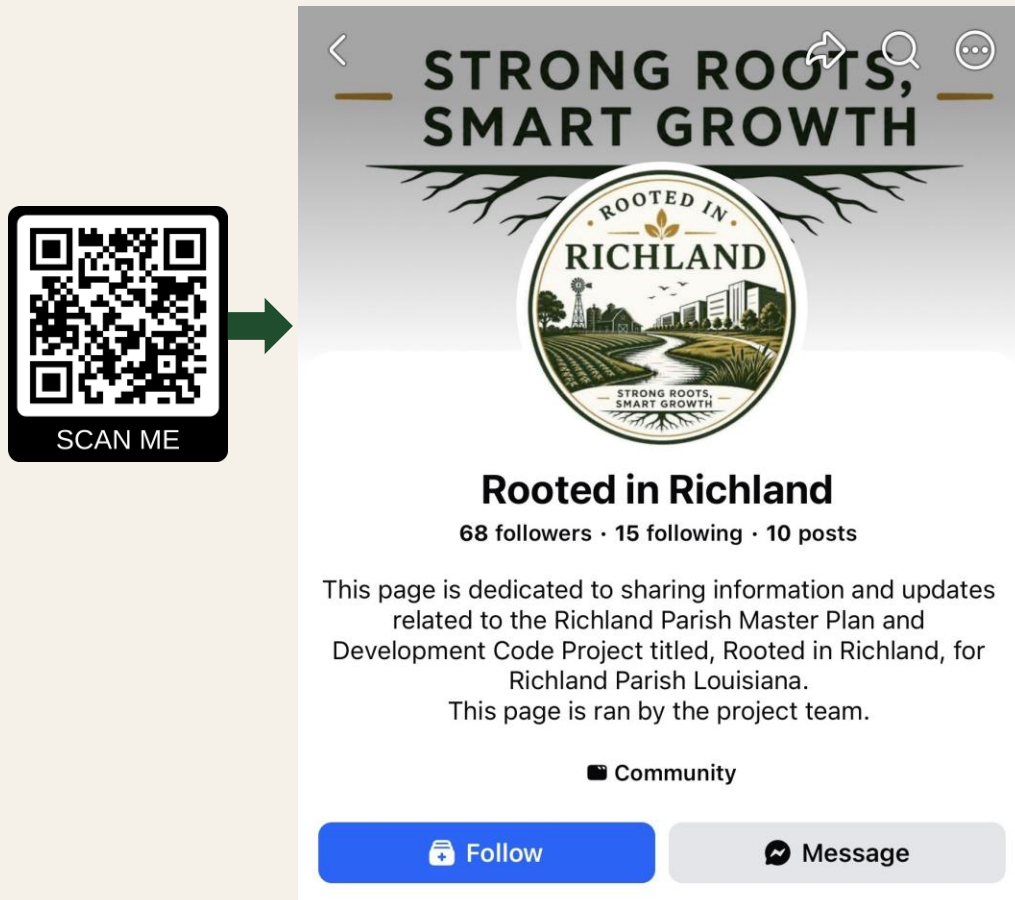

AT EACH STATION

- Review the maps and information
- Talk with the project team
- Write or place your input on the boards
- Complete the project survey before you leave
